\$3,564 Judgment Asked in Court

Hilty Defendant In Suit Based on Examiner's Report

A court action seeking judgment for \$3,564.48 from County Superintendent W. J. Hilty has been filed by Fayette County Prosecutor Bath, acting in behalf of the Fayette County Board of Education, in connection with a recent report on an examination of county school records by the Ohio Bureau of Inspection and Supervision of Public Offices.

The suit was filed in Common Pleas Court.

The sum involved represents payments by the board to the county superintendent, mostly for monthly gas and oil expenses, for which the examiner said "there was no supporting evidence (receipts) for payment." Included were payments made in an audit period running from June 15, 1955, to July 17, 1956, and a recheck of a previous examination beginning March 31, 1951.

THE PROSECUTOR, who by law represents the county school board, said the suit was filed as required by state statute, on the basis of the state auditor's office contention that certain payments were improperly made. Section 117.10 and following paragraphs make it mandatory that the prosecutor, within 90 days of the filing of a report which cites improper expenditures, bring action in the name of the political subdivision to which money may be due.

Bath pointed out that the filing of a recovery suit leaves determination of the legality or illegality of the expenditures to the court.

The prosecutor's petition quotes sections from the examiner's report, filed with him as required by law on Aug. 16, and lists expenditures which were cited by the examiner as made without proper receipt.

The \$3,564 fine also includes items of \$85 and \$99.70 paid to the county superintendent as expense money for attendance at Assn. of School Administrators Conventions in Atlantic City in 1951 and again in 1954, and small items for postage and notary fees. In each case the examiner had indicated that the payments were not properly itemized or received.

THE COUNTY superintendent, who is clerk of the county board, told the Record-Herald on Aug. 22, that the gas and oil items, which made up the major portion of the examiner's citations, "simply are monthly sums authorized

by the board for travel expenses and upkeep on the county superintendent's car — sums authorized in lieu of provisions made by other public offices where cars are furnished." Hilty said at that time that the broad statute covering such expenditures does not require itemization and that every expenditure noted by the examiner was authorized by vote of the board.

The prosecutor's suit, which asks that the costs of the action be assessed against the county superintendent, recites these paragraphs from the examiner's report:

"THE SALARY of the superintendent from the beginning date of this examination to Feb. 29, 1956, was \$6,600 per year (\$550 per month).

"The Fayette County Board of Education at their regular meeting of Feb. 25, 1956, increased the superintendent's salary \$70 per month for the remaining period of his contract — March, April, May, June and July of 1956. As stated in the minutes, this was the equivalent of \$50 per month for the period beginning Jan. 1, 1956, and ending July 31, 1956. The minutes stated that it was recalled by members of the board that a verbal agreement had been reached by the board earlier that an increase effective Jan. 1, 1956, would be considered at the time a new contract could be considered.

"A board of education has no authority to make verbal agreements or make retroactive pay adjustments."

At the time the report was filed, the superintendent said that it neither he nor the board had regarded the action as a retroactive payment — that the action was taken openly and by vote of the board and that the payments were not retroactively but currently situated.

The injunction, in accordance with the request in the petition, affects all wheat producers similarly situated.

The next step, before the request for a declaratory judgment is heard will be the filing of motions, demurrers or answers, under the procedures prescribed by law.

NATO Unity Split By Suez Dispute

WASHINGTON (AP)—The basic unity of the North Atlantic Treaty Alliance (NATO) has been dangerously shaken by the split between the United States and its British and French allies over handling of the Suez Canal dispute.

American diplomats said today the situation is probably worse than most people realize and that it will not be quickly repaired. They discounted European speculation that it stems from election year instability in American diplomacy and blamed it instead on basic conflict of interests.

Secretary of State Dulles may try to bridge over the split in New York this week during work with British Foreign Secretary Selwyn Lloyd and French Foreign Minister Christian Pineau on a Suez settlement.

After earlier backing Egypt's right to make a case against Britain and France in the Security Council, Dulles put the United States squarely behind the British-French position on the substance of the issue Saturday when he supported their demand for U. N. endorsement of international control of the Suez Canal.

It was this problem which Dulles dwelt on at a news conference Tuesday. His later revision of his remarks did not persuade American diplomats that he had not been right in the first place. They say he may have been indiscreet, but not in error.

The essence of Dulles' argument was that when the United States, Britain and France and other Allied countries face issues concerning the North Atlantic area they are bound by treaty to settle them along certain lines. But when problems arise in the area of colonialism, he said the United States follows a "somewhat independent role." He thus put his finger on the thing which really has the British and French upset.

Adlai Phoning Aides To Back Dollars for Democrats Drive

CHICAGO (AP)—Adlai E. Stevenson today scheduled long-distance telephone pep talks to party fundraisers in the 48 states and District of Columbia to boost the "Dollars for Democrats" drive.

The Democratic presidential candidate, meanwhile, rested at his suburban Libertyville, Ill., farm before taking his troupe to the West Coast Tuesday.

Stevenson announced in New York Sunday that four topflight young Democrats — two governors and two senators — were to join him in California.

The idea is to "saturate" the areas with stumping talks by vigorous campaigners well known enough to draw crowds on their own.

Governor Robert B. Meyner of New Jersey and George M. Leader of Pennsylvania and Senators Hubert H. Humphrey of Minnesota and Albert M. Gore of Tennessee will meet Stevenson Thursday night at a rally in Oakland.

Court Halts Collection of Tax on Grain

Judge Case Issues Temporary Order In Injunction Move

Collection of personal property taxes on wheat stored under contract with the federal Commodity Credit Corp. was halted in Fayette County by Judge John P. Case of the Common Pleas Court Monday morning when he granted a temporary injunction on a petition filed by Rollo M. Marchant and Glenn Smith Saturday morning.

Judge Case, however, ruled that Marchant and Smith be required to furnish \$1,000 bond, as provided by law, for payment of any damages which might be sustained by the defendants in the action, Treasurer Charles A. Fabb and Auditor Harry Allen.

The petition of Marchant and Smith also asked the court for a declaratory judgment to determine ownership of stored wheat and, after that determination, to make the temporary injunction permanent.

Marchant and Smith contend in their petition that they were not the owners of the wheat at tax listing time in 1953, 1954 and 1955 and ask the court to declare they were not the owners.

The injunction, in accordance with the request in the petition, affects all wheat producers similarly situated.

The next step, before the request for a declaratory judgment is heard will be the filing of motions, demurrers or answers, under the procedures prescribed by law.

Governor Robert B. Meyner of New Jersey and George M. Leader of Pennsylvania and Senators Hubert H. Humphrey of Minnesota and Albert M. Gore of Tennessee will meet Stevenson Thursday night at a rally in Oakland.

On Friday, while Stevenson is addressing a midday rally at Fresno's courthouse, his helpers will fan out in light planes to rallies of their own in the area. Friday afternoon they plan to link with him again at Long Beach. They split up once more, then rendezvous Friday night at a San Diego rally.

Stevenson aides said he set up calls to whip up enthusiasm for "Dollars for Democrats Day," the long-distance conference which is Oct. 16.

Party workers in every precinct are going to rally forth then, ringing doorbells and asking contributions of anything from one to five dollars.

Two conference calls were set up for the one-way conversation. On the first, Stevenson arranged to have his voice heard simultaneously by 24 state chairmen in the East. A half hour later it was the turn of the western half of the country.

The polio researcher emphasized that the new development represents a "distinct" new step, but that it is still undergoing cautious tests.

He said, "it must be pointed out that this merely represents the next step forward in the experimental studies on an oral polio vaccine, rather than a transition to mass immunization."

Dr. Sabin said that the tests at Chillicothe will be the first with the highly-attenuated live virus on humans. The trials may not start until early 1957.

He reported development of a promising "highly-attenuated" version of his live virus vaccine at a conference here of the Ohio Valley section of the Society of Experimental Biology and Medicine.

Curbing Inflation Important To Nation

Inflation in the last 12 to 20 years has been causing a serious threat to most of the people in this country.

Most of us are glad to see the Eisenhower administration has been making strong and rather successful efforts to curb it, regardless of the howls of many politicians who glory in what they consider political advantages in making it easier for people to spend money without thought of consequences which may lie ahead.

Particularly, just now in the present presidential campaign, the administration in power is being attacked by certain Democratic politicians for its refusal to follow the good old "New Deal" days in "handout" policies.

Just about everyone has heard of the Federal Reserve Board. Most people probably know, in a vague and general way, that this body, which is entirely non-partisan and non-political, has great powers of control over the nation's money supply. It is equally probable, however, that many of us feel that the board's policies have little if any influence on the life of the average man, and that they are of direct interest only to large financial and industrial interests.

That feeling — as numbers of people are now learning at first hand — is gravely in error. It is true that what the board does in limiting or expanding the money supply has a powerful impact on business. It is also true that it has an equally powerful impact on individuals.

For some time the board has been pursuing what is known as a "tight" money policy. The reason is to make money less abundant and more expensive and thus discourage too much loose borrowing. Borrowed money, when spent, adds to demand for goods and for labor — both sometimes in short supply. The result is pressure for rising prices that government officials want to prevent. In other

words, it is an anti-inflation policy.

The installment car buyer — a classification which seems to include the majority of people, is encountering some changes. There is plenty of credit available, but larger down payments are asked, and the number of months allowable for paying the balance is being reduced. That means larger monthly payments.

Home buyers, used to limitless credit at low rates of interest, will also find that things have changed. Larger down payments are required, and in many cases amortization time is shortened. On top of that interest rates generally are up — by around one per cent.

A county, embarking on a school-building venture financed by bonds, finds the market less favorable. It has to offer a higher interest rate. Over a 20-year period the increased interest cost on a \$10,000,000 issue could amount to \$1,000,000, other amounts in proportion.

Businessmen, needing money for inventories and plant expansion, are in a similar fix. Interest rates are up, by about one per cent. On a big, long-term bond issue that may involve millions in additional interest costs.

Even the U. S. Treasury is not immune from the impact of "tight" money. In World War II days, it used to issue its 91-day bills — of which it sells \$1.5 billion worth a week — at an interest rate of 3-3/4 of one per cent. Now the rate is 2.7 per cent.

A builder with plans for 200 homes may find loans both harder to get — and more expensive. In a competitive market, that darkens his profit potential.

So it goes. The aim of the men on the Federal Reserve Board is to supply an amount of money considered adequate for normal needs, but to keep the supply tight enough to discourage lots of undertakings that can be postponed.

"Overwork," Dr. Biancani says, "is the disease of our century. It's worse than cancer, because by the very nature of things it hits the leaders of our society. Look at your President Eisenhower. What do you think was at the bottom of his heart attack? Or President Roosevelt. When things happen to men like that, it causes a disturbance to our whole society."

Dr. Biancani says it's not just too much work that causes the kind of exhaustion he is trying to cure. Also involved are the kind of work, the individual's attitude toward it, and the whole environment in which he lives.

get up at 5 a. m., work hard, and go to bed at midnight without doing yourself any harm — if you have the temperament, know how to handle yourself and how to relax when necessary.

Lots of city dwellers these days, even in relatively tranquil France, wake up in an apartment house with paper-thin walls. Surrounded morning and night with radios and TV sets, they have to struggle with traffic, shop in crowded stores and markets, wait long and nervous minutes to see minor officials on routine errands. All this, Dr. Biancani acknowledges, is more acute in Paris than in provincial towns where the older, more leisurely existence still persists.

Treatment, he says, has to be adapted to each case. You can't just turn a nervous businessman out to pasture like an old drayhorse — you have to give him something relaxing to do.

chance at all, now believe that the presidential election, in terms of electoral votes, will be tight and that if California or New York go Democratic, Stevenson might make it. The Democrats believe that they have made unexpected strides in Pennsylvania and Michigan and they think that they can make progress in Massachusetts.

When it comes to the Congress, the Democrats are almost certain that they will hold the seats they have and may even do better. The Republicans are worried about the Congress. Their trouble is that during the whole of the Eisenhower administration too little attention has been paid to state organizations and even to lower levels of politics.

The Republicans had similar allied groups among the various anti-communist and right wing organizations, many of whom centered about the leadership of Sen. Joe McCarthy. The strength of much of this group has been dissipated, although not entirely. The result is that this element which has stood by the Republican Party since 1932 is now standing away from it as unwanted and no other groups have taken their place.

While this may not interfere with the election of Eisenhower and Nixon, it is going to be tough on candidates for the Senate and the House of Representatives — very tough.

Jimmy Durante
Back with Fiancee

HOLLYWOOD (UPI) — Comedian Jimmy Durante, 63, and his fiancee have returned to Hollywood, a little astounded at all the fuss.

News of the comic's engagement to Margie Little, 35, an actress from Plainfield, N.J., was disclosed Saturday night at the opening of a tennis club in Phoenix, Ariz.

"Why, we've been going together for 10 or 11 years," the Schnozzola said upon returning here Sunday night.

He said they plan to be married "sometime next year."

Durante was married in 1946 to the former Jeanne Olsen. She died in 1948.

The Democrats, on the other hand, not only have retained the strength of their local organizations but they have built power-

ful bridges with other organizations, the Liberal Party in New York, the AFL-CIO, the ADA, the Farmers' Union, and there are others. It is true that some of these organizations, such as the ADA, may be as unpopular with Democrats as the Republicans, but they have an effective propaganda operation that can make votes in particular areas.

To a Republican, the ADA is reprehensible.

The competition between the

Republican clubs and the Eisenhower clubs has done no good, because whereas the Republicans have for 20 years kept the party alive and going, the Eisenhower clubs included many ex-Democrats and opportunists who were New Dealers when the New Deal was popular and who later hooked on to the Eisenhower bandwagon.

The Republicans believe that

Ike Eisenhower will be elected.

They also recognize that he is in a little trouble; that he will not have anything like the vote that he gained in 1952. The Democrats, on the other hand, are surprised that Stevenson is running so much better than he did in 1952. He is less the quipster and more the politician.

The Democrats who six months ago thought that they had no

elements to this campaign better than I have seen it elsewhere.

Just what is the one big issue of this year's presidential and congressional campaigns? It is an "issue" neither Republican nor Democratic politicians care to discuss. The one big "issue" of the 1956 struggle between the Democratic and Republican parties is this: The Republicans want to stay in power, the Democrats want to get back in power.

The average boy between the ages of 15 and 19 has at least five teeth which need fillings. And most adults have a minimum of one cavity right now.

In fact, only about two percent of the nation's population never experiences any tooth decay.

Dental caries destroys the enamel and the body of the tooth.

Research indicates that cavities are caused primarily by the action of certain bacteria on fermentable carbohydrates, especially sugar. The resulting fermentation produces an acid that can and often does dissolve the tooth structure.

Overwork: Killing Disease?

PARIS (F) — Doctors think too many Frenchmen are working too hard, and France is going to do something about it.

The average Frenchman is not a fellow who takes two hours for lunch and spends the afternoon winking at girls on the Champs Elysees.

He really works. This goes for school kids cramming for examinations and for elderly ladies bogged down in the complexity of pension forms. The French take it all harder than you might think.

The man in charge of remedying the situation, at the behest of the French Academy of Medicine, is Dr. Hugo Biancani.

In addition to handling a prosperous medical practice, Dr. Biancani is an enthusiastic amateur or semiprofessional at painting, writing, philosophizing, wine making, gardening and social service. He also likes to take long country walks and he main-

tains he isn't overworked himself.

He has been named director of a new organization, the Institute for the Study and Prevention of Overwork. It plan to set up a clinic and research laboratory in Paris.

Their trouble is that during the whole of the Eisenhower administration too little attention has been paid to state organizations and even to lower levels of politics.

What count are patronage and honors. President Eisenhower, accustomed to the West Point career conceptions of the army, has refused consistently to fire Democrats and to give their jobs to Republicans. He had no desire to institute the spoil system after 20 years of Roosevelt and Truman. That may be a wonderful ideal, but it did not build organization.

The competition between the Republican clubs and the Eisenhower clubs has done no good, because whereas the Republicans have for 20 years kept the party alive and going, the Eisenhower clubs included many ex-Democrats and opportunists who were New Dealers when the New Deal was popular and who later hooked on to the Eisenhower bandwagon.

Jeffersonville Progress Club Fall Social Event

The Jeffersonville Progress Club members enjoyed their annual Fall Social, with a dinner in the Jeffersonville Methodist Church dining room.

The tables were decorated with arrangements of beautiful fall flowers.

Mrs. Anita Finlay, lecturer, and pianist from Yellow Springs, presented the program in the church sanctuary and the title of her lecture was "The Gypsies—Mystery Folk of Europe," which was illustrated with musical selections.

Mrs. Finlay, an Austrian by birth but educated in America, brings to her talks an interesting background of European cultures, of summers spent in her native land, and of roaming over the Continent. An accomplished musician, she studied with Felix Fox, Boston's most notable concert pianist and teacher.

She captivated her audience for more than an hour with her most interesting account of the life of the gypsies, their origin, their laws, their customs, and their habits. Her listeners were convinced of an entirely new conception and understanding of the gypsy and as a climax to her program, Mrs. Fin-

ley from Washington C. H.

were: Mrs. M. G. Morris, Miss Ruth Teeters, Mrs. Willard Creamer, Mrs. Frank Dill, from Winter Garden, Florida, were Mr. and Mrs. Ora Allen, and from Yellow Springs were Mrs. Lila Tavenner and Miss Edith Wilkerson who accompanied Mrs. Finlay.

Hostesses for this annual social event were: Mrs. Neal Conner, chairman; Mrs. Forrest Ervin, Mrs. Reuben French, Mrs. Ruth Williams and Mrs. Lynn Straley.

Guests for the occasion were: Mr. and Mrs. Charles Keller, Mrs. Lola Rector, Mr. and Mrs. Roy Young, Mrs. Hugh Creamer, Mr. and Mrs. Glenn Brock, Mrs. Albert Vannorsdall, Mrs. Bertha French, Mrs. Frank Marshall, Mrs. Flora Robbins, Mrs. C. R. Williamson, Mr. and Mrs. W. W. Williams, Mrs. Alvin G. Little, Mrs. Marie Runyan, Mrs. Leora Booco, Mrs. Ray Shoemaker, Mrs. J. C. Tudor, Mrs. Lou Thoroman, Mrs. Ocie Huffman, Mr. Forrest Ervin, Mr. Max Morrow, Mr. Charles Seibert and Mr. Warner Straley, all of the Jeffersonville community.

**Carrs Hosts
At Wiener Roast**

Mr. and Mrs. Delbert Carr and daughter, Sharon, were host and hostess to the B. P. O. Does and Elks and guests at their country home for a wiener roast Saturday evening.

Picnic tables and benches were arranged around a huge bonfire. A farm wagon was decorated with corn stalks and pumpkins for serving the food.

**Walkers Hosts
At Family Dinner**

Mr. and Mrs. Lester Walker entertained at a family dinner on Sunday and the occasion honored the birthday anniversaries of Mrs. Walker and her sister, Mrs. Austin Storer of Newark.

Additional guests were: Mr. Austin Storer, Mr. and Mrs. Harold Cluff, son Jimmie of Columbus and Mr. and Mrs. James Wyatt of this city.

Personals

Mr. and Mrs. Harold Craig returned Sunday night from a ten day trip to Providence, Rhode Island, to attend the annual reunion of the 314th Infantry Regiment AEF. Enroute home they visited Quebec, Montreal and interesting points in Canada also enjoying a weekend with their daughter, Mrs. Lowell Smith, Mr. Smith and family at their home in Hudson.

Mr. and Mrs. Paul Jones and daughter Ann, of Bowling Green, were weekend guests of their parents, Mr. and Mrs. Walt W. Jones and Rev. W. H. Wilson.

Hugh Lentz, a student in the College of Engineering, at the University of Cincinnati, spent the weekend with his parents, Mr. and Mrs. Frank Lentz.

The secretary and treasurer's report were approved as read.

The class project was completed and it was decided to make a pledge to the Cincinnati Bible Seminary in Cincinnati to take part in the building of a new dormitory for the men on the campus which is one of 1,320 pledges at one dollar a week for one hundred weeks and the building will be debt free.

A discussion on absentee members was held and a plan was decided to conduct a personal calling program to be started with every class member taking part.

Despite her dismal record, Stella has a certain charm, says the vicious Helen. Now taking her first flight at TV after 13 years as one of filmland's top playwrights, Helen says the cow in the show starts out as a sad sack cow, blossoms out in later sequences as a high-voltage bovine glamor girl, complete with false eyelashes, a daisy garland and a flower in her teeth.

"It's a great part for the right cow," says Helen. "She may well become as famous as Ferdinand or Elsie."

"Parents and educators don't approve of the original story," says Helen. "Bad for character they

say, since in it Jack steals the giant's bag of gold, harp and the giant that lays the golden eggs and then kills the giant. Theft and pre-meditated murder. Not good. Likely to encourage juvenile delinquency.

"So I make Jack's adventure on the beanstalk a dream sequence, and have the giant merely fall off the beanstalk instead of being chopped down. My Jack is a misunderstood 16-year-old, who is beset by all kinds of fears and uncertainties. But after his dream he realizes that many of the things and people he feared are really not so terrifying after all, and all of a sudden he grows up.

Mr. and Mrs. Herbert Snider, of Cleveland, spent the weekend as the guests of Mrs. Frank Little. They returned home Monday.

Mr. and Mrs. Hollis Wood of Galion, spent Sunday with their son, Mr. Russell Wood.

Mrs. John Lindenmuth of Springfield, who spent the past several days as the guest of Mr. and Mrs. William Robinson, at their home in Jeffersonville, returned to her home Saturday.

It was decided to hold a meeting of all class members on Thursday evening, one week before the regular class meeting for Bible Study. Mr. Floyd Denny will be in charge of the lesson study and in his absence Mr. Thomas Willis is the substitute teacher.

Mrs. Elza Woodruff was in charge of devotions using Scripture from James as the subject for her discussion.

The meeting was closed with a prayer circle.

The grandparents are Mr. and Mrs. Donald Everhart, of Jamestown, Mrs. Ethel Houser and Mr. Percy Houser of Washington C. H.

**Dinner Precedes
Class Meeting**

Members of the Open Circle Class of the South Side Church of Christ held their regular monthly meeting at the church.

Preceding the meeting a delicious covered dish dinner was enjoyed by twenty-seven members, seated at small tables each centered with arrangements of late fall flowers and leaves in keeping with the autumn season.

The meeting was presided over by Mr. Milton Dodds, class president, who opened with prayer.

The secretary and treasurer's report were approved as read.

The class project was completed and it was decided to make a pledge to the Cincinnati Bible Seminary in Cincinnati to take part in the building of a new dormitory for the men on the campus which is one of 1,320 pledges at one dollar a week for one hundred weeks and the building will be debt free.

2 Underdogs Now Leaders On Pro Grid

Lions, Chicago Cards Each Win 2nd Straight To Surprise Experts

By THE ASSOCIATED PRESS

As the National Football League heads into its third weekend of action, only two undefeated teams remain—the Chicago Cardinals and the Detroit Lions, both pre-season underdogs.

The Cardinals, who defeated the New York Giants 35-27 Sunday for their second straight victory were given little chance of finishing higher than last year's fourth place in a tough, balanced Eastern Conference. The Lions, dropping from Western Conference champs in 1954 to cellar-dwellers in 1955, also won their second straight, surprising Baltimore and the experts—31-14 Saturday night.

In other Sunday action, the Chicago Bears righted themselves on the arm of quarterback Ed Brown and the toe of George Blanda for a 37-21 victory over Green Bay and San Francisco's 49ers stunned defending Western champion Los Angeles 33-30 on brilliant kicking by veteran Gordie Soltau.

League champion Cleveland, and Philadelphia, each won their first game of the season Saturday night, the Browns upending Pittsburgh 14-10 and the Eagles sloshing to a rain-washed 13-9 decision over Washington.

Quarterback Lamar McHan, running for two touchdowns and passing for two, upset the odds against New York and more than equalized three touchdowns by the Giants' Mel Triplett. It was Triplett's second straight three-touchdown performance.

Brown, completing 11 of 15 passes for 188 yards, slipped 2 for touchdowns and scored himself from 3 yards out with a recovered fumble. Blanda booted three field goals and added to his league record for extra points with four, giving him 150 without a miss. Green Bay's Al Carmichael ran back the opening kickoff 106 yards for a score to break the league mark by a yard. The Bears have a 1-1 record. Green Bay is 0-2.

Soltau, All-Pro end in 1952, kicked four field goals from 27, 39, 15 and 25 yards, accounting for his team's 12-10 halftime lead. A last minute Ram threat produced a touchdown on an 8-yard pass from Norm Van Brocklin to Elroy Hirsch, but time ran out as the season's largest crowd at Kezar Stadium 56,489 fans went wild.

The Eagles came from behind in the last quarter Saturday, covering 63 yards in 10 plays, to hand the Redskins their second straight defeat. Quarterback Bobby Thomson sneaked over from the 1 for the score.

Detroit rode Bobby Layne's passes for a 21-7 halftime lead and then scored 10 points more in the last period to sink the Colts.

The Browns, relying on a stout defense to make up for Otto Graham's absence, held Pittsburgh to 10 second-quarter points, scoring on a yard sneak by quarterback George Ratterman in the second period, and a 14-yard run by Ed (Big Mo) Molewski in the final one.

Order of De Molay Is Established Here

Michael Edwards was installed as master councilor of the new Washington C. H. chapter of the Order of De Molay at an impressive ceremony in the Masonic Temple Saturday night.

The new chapter was instituted that afternoon by a degree team from the Circleville chapter of the Order. In all, 34 boys, were taken into the Chapter, 22 new members

Auto Accidents Hurt 3 Persons

5 Crashes Occur In City, County

The weekend, from Friday through early Monday, was marred by three traffic accidents in Washington C. H. and two in Fayette County, in which a total of three persons were injured.

Two cars were damaged in a collision on S. North St. at 7:05 a. m. Monday when Clark Pollard, 75, 113 E. Elm St., headed north, made a left turn in front of Patrolman John Dilley, 21, 1303 East St., off duty at the time and driving his own car. Pollard said his turn signal was not working and he did not see Dilley's car until it hit his.

A car driven by Marie Forbis, 28, Route 2, one driven by Betty E. Ferris, 53, of 1129 Rawlings St., were damaged when they came together at the intersection of Temple and Lewis Sts. at 4:05 p. m. Saturday.

Mrs. Forbis, headed west on Temple St., said she stopped at the intersection and, when she saw no traffic, went ahead, striking Mrs. Ferris' car. Mrs. Ferris said she was unable to stop or get around the other car.

Robert E. Drayer, 26, of 508 N. Harris Ave., Columbus, crashed into the rear of a car driven by Gary G. Foster, 17, of 528 Campbell St., son of Patrolman Charles Foster, when he stopped for a traffic light on Clinton Ave. Friday evening. Drayer told police he did not see the car ahead of him stop for the light. Both cars were damaged but neither of the drivers was seriously hurt.

JACOB WILSON, of Newport, Ky., suffered head and back injuries when his car, driven by James E. Christian, 30, of 3049 Russell Ave., Cincinnati, and a truck, driven by Kenneth Hildebrand, 30, of 519 Paris Ave., Wilmington, collided on Route 22 near the Lucas Market at the Bogus Rd. intersection at 12:30 p. m. Saturday.

Hildebrand told Sheriff Orland Hays Wilson's car came across the road and hit his truck, turning it over twice before it landed in a corn field. Christian told the sheriff his brakes locked. Both car and truck were damaged considerably, but neither Christian nor Hildebrand were injured seriously.

Christian, charged with reckless operation by Sheriff Hays, forfeited his \$20 bond when he failed to appear in Municipal Court Monday morning.

MRS. ALVA KIRK, who suffered jaw and left arm injuries in an accident on the Danville Pike Friday afternoon, was released Sunday from Memorial Hospital.

She and Mrs. Bertha Stultz were injured when a farm wagon being pulled behind a truck broke loose and crashed into their car, which was driven by Kirk, 58, of the Wissler Rd. Mrs. Stultz, who received injuries to her chest and teeth, was treated and released Friday afternoon.

Max Schlichter, 19, Harrison Rd., who was driving the truck told Sheriff Orland Hays that the wagon broke loose when he went around a boy on a bicycle.

Schlichter was headed north and the Kirk car was headed south. Kirk told the sheriff he was taking Mrs. Kirk to see a physician here at the time of the accident.

and 12 on demit from the Circle chapter.

A dinner was served by the ladies of the Eastern Star, preceding the installation ceremonies conducted that night by an installation team from Cincinnati under the direction of Edward E. Craig Jr., governor of the seventh district of the Order of De Molay.

Other officers installed were Ronald Sears, senior councilor; David Whiteside, junior councilor; Phillip French, senior deacon; Michael Arnold, junior deacon; Douglas Rider, senior steward; Norman Chaney, junior steward; Norman Foster, chaplain; Stephen Miller, marshal; Charles Hise, orator; Jack Hatmacher, standard bearer; Marlyn Lee, almoner; John Leeland, first preceptor; Kenneth Pettitt, second preceptor; John Kneidler, third preceptor; Phillip Williams, fourth preceptor; Larry Hurtt, fifth preceptor; Garry McConaughay, sixth preceptor; Bradley McKillip, seventh preceptor; Paul Neff, sentinel; Frank Miller, treasurer and Dave Morrow, scribe.

Other boys in the newly formed chapter are Sheryl Elliott, Dale Fent, Melvin Haines, Jackson McDaniel, Henry Roszman, Larry Bacon, David Barchet, Dan Hopkins, Jackie Hopkins, Roger Mason and Roy Smith, the last six on demit from the Circleville chapter.

The rose ceremony was conducted by Ed Rebel, Cincinnati Hilbert chapter. At the conclusion each mother was given a rose.

The visiting degree team from Circleville included Arthur Mershon, master councilor; Dave Doner, senior councilor; Carol Porter, junior councilor; George Bowling, Marshal and eighteen other officers.

EMERSON E. Peterson, Springfield, who was fined \$200 and costs, sentenced to jail for 10 days and suspended from driving for a year last Feb. 27, was sentenced to the workhouse for failure to make payments on the fine. He was brought into court by Sheriff Hays on a bench warrant as a part of the court's crackdown on non-payment of fines. He was released more than eight months ago after he paid \$50 on his fine and agreed to make \$15 a week payments. There was \$153 still due when he was brought in Monday morning.

Gerald Wayne Burkett, 23, Jeffersonville, was fined \$10 and costs for running a red light and \$5 and costs for excessive noise. The fine for excessive noise was suspended, on condition that he refrain from driving his car with Hollywood muffler in Washington C. H.

Gerald Lee Shaw, 28, of 1012 Broadway, was fined \$10 and costs for speeding on Delaware St.

Figures for Washington C. H. losses are now being compiled as Chief Hall, the Fayette County Insurance Assn. Both city and county schools are cooperating in the observance of Fire Prevention Week.

Every day this week, members of the Insurance Assn. will ride the hook and ladder through town and go to one of the schools for a fire drill after which the children will hear Chief Hall discuss fire prevention.

Literature has been distributed to all county and city schools with check lists on home fire hazards, warnings against some of the big causes of fires, statistics and methods of fire prevention.

Home fires continue to be the most common. In 1955, they accounted for 35 per cent of all building fires in homes.

Chief Hall urges every household in the community to locate and eliminate fire hazards in his home.

Marine Fliers Told To Send Families Home

IWAKUNI, Japan (AP)—The commanding general of the U. S. Marine Air Wing says 500 wives and children of his men are preparing to leave Japan after being reminded their residence here is against Marine Corps policy.

Some of the dependents reportedly feel the order to leave is a violation of their right to travel and live where they please on U.S. passports. The Marines brought their families here at their own expense.

Brig. Gen. David F. O'Neil said his Marine Air Wing advised its personnel of an order issued last March by Gen. Randolph McCall Pate, Marine Corps commandant, that families may not "accompany or later join" Marines assigned to the Far East.

Funeral services are to be held at 2 p. m. Wednesday at the Gersten Funeral Home, but the place of burial has not been decided.

Friends may call at the funeral home after noon Tuesday.

Stolen Automobile Found-but Wrecked

James Mash, Route 5, today has his 1951 Chevrolet back—but it was not the same as it was when it was stolen from his home near Panoastburg, Waterloo, some time Saturday night.

Mash reported to Sheriff Orland Hays at 7:15 a. m. Sunday that his car had been stolen and later in the day it was found wrecked at the intersection of the Waterloo Pike and Knight Rd.

The sheriff is now looking for the one who stole it and trying to determine how and when it was wrecked. There were no indications of a collision, he said.

Most meteorites burn out before they reach the earth.

Girl Scout Leaders To Aid In Formation of New Council

Fayette County Girl Scout leaders are completing plans for participation in ceremonies Tuesday evening in Columbus when the five-county Trefoil Girl Scout Council is to be formed. Just who will represent the county is still uncertain, but it was said a sizeable delegation is planning to be at the YMCA for the organization.

James E. Christian of Cincinnati, charged with reckless operation by Sheriff Orland Hays, was following a collision on Route 22, east, at 12:30 p. m. Saturday, forfeited \$20 bond.

The other six bond forfeitures (addresses not given on affidavits) were state Highway Patrol cases: Will C. Montgomery, speeding on Route 35, \$25; George P. Gundlach, speeding on Route 22, \$20; Harold S. Pitser, reckless operation on Route 62, \$20; James Junior Nicely, speeding on Route 35, \$19; William P. Herndon, speeding on Route 35, \$20; James F. McCullach, speeding on Route 62, \$20.

THE ONLY DRIVER cited by the Highway Patrol to appear was David T. Britton. Charged with reckless operation, he was fined \$5 and costs, but the fine was suspended by the court.

Jacob A. Ferryman, Route 8, Chillicothe, was fined \$5 and costs for defective muffler.

Warren E. Hafer, 20, Greenfield, drew \$10 and costs for speeding on Columbus Ave.

Roman V. Wright, 20, Jeffersonville, was fined \$5 and costs for running a red light and \$5 and costs for excessive noise. The fine for excessive noise was suspended, on condition that he refrain from driving his car with Hollywood muffler in Washington C. H.

Gerald Lee Shaw, 28, of 1012 Broadway, was fined \$10 and costs for speeding on Delaware St.

Figures for Washington C. H. losses are now being compiled as Chief Hall, the Fayette County Insurance Assn. Both city and county schools are cooperating in the observance of Fire Prevention Week.

Every day this week, members of the Insurance Assn. will ride the hook and ladder through town and go to one of the schools for a fire drill after which the children will hear Chief Hall discuss fire prevention.

Literature has been distributed to all county and city schools with check lists on home fire hazards, warnings against some of the big causes of fires, statistics and methods of fire prevention.

Home fires continue to be the most common. In 1955, they accounted for 35 per cent of all building fires in homes.

Chief Hall urges every household in the community to locate and eliminate fire hazards in his home.

It's your neck, so why tell YOU to take care of it when you get behind the wheel of a car? Careful driving pays its own dividends. But unfortunately you can't be sure of always avoiding an accident. When you do get involved in an accident you want to be sure no one is going to pin a big claim on you for damage. That's where we come in. Have we written your insurance?

Order of De Molay Is Established Here

Michael Edwards was installed as master councilor of the new Washington C. H. chapter of the Order of De Molay at an impressive ceremony in the Masonic Temple Saturday night.

The new chapter was instituted that afternoon by a degree team from the Circleville chapter of the Order. In all, 34 boys, were taken into the Chapter, 22 new members

Auto Accidents Hurt 3 Persons

5 Crashes Occur In City, County

The weekend, from Friday through early Monday, was marred by three traffic accidents in Washington C. H. and two in Fayette County, in which a total of three persons were injured.

Two cars were damaged in a collision on S. North St. at 7:05 a.m. Monday when Clark Pollard, 75, 113 E. Elm St., headed north, made a left turn in front of Patrolman John Dilley, 21, 1303 East St., off duty at the time and driving his own car. Pollard said his turn signal was not working and he did not see Dilley's car until it hit.

A car driven by Marie Forbes, 38, Route 2, and one driven by Betty E. Ferris, 53, of 1129 Rawlings St., were damaged when they came together at the intersection of Temple and Lewis Sts. at 4:05 p.m. Saturday.

Mrs. Forbes, headed west on Temple St., said she stopped at the intersection and, when she saw no traffic, went ahead, striking Mrs. Ferris' car. Mrs. Ferris said she was unable to stop or get around the other car.

Robert E. Drayer, 26, of 508 N. Harris Ave., Columbus, crashed into the rear of a car driven by Gary G. Foster, 17, of 528 Campbell St., son of Patrolman Charles Foster, when he stopped for a traffic light on Clinton Ave. Friday evening. Drayer told police he did not see the car ahead or stop for the light. Both cars were damaged but neither of the drivers was seriously hurt.

JACOB WILSON, of Newport, Ky., suffered head and back injuries when his car, driven by James E. Christian, 30, of 3049 Russell Ave., Cincinnati, and a truck driven by Kenneth Hilderbrand, 30, of 519 Paris Ave., Wilmington, collided on Route 22 near the Lucas Market at the Bogus Rd. intersection at 12:30 p.m. Saturday.

Hilderbrand told Sheriff Orland Hays Wilson's car came across the road and hit his truck, turning it over twice before it landed in a corn field. Christian told the sheriff his brakes locked. Both car and truck were damaged considerably, but neither Christian nor Hilderbrand were injured seriously.

Christian, charged with reckless operation by Sheriff Hays, forfeited his \$20 bond when he failed to appear in Municipal Court Monday morning.

MRS. ALVA KIRK, who suffered jaw and left arm injuries in an accident on the Danville Pike Friday afternoon, was released Sunday from Memorial Hospital.

She and Mrs. Bertha Stultz were injured when a farm wagon being pulled behind a truck broke loose and crashed into their car, which was driven by Kirk, 58, of the Wissler Rd. Mrs. Stultz, who received injuries to her chest and teeth, was treated and released Friday afternoon.

Max Schlichter, 19, Harrison Rd., who was driving the truck told Sheriff Orland Hays that the wagon broke loose when he went around a boy on a bicycle.

Schlichter was headed north and the Kirk car was headed south. Kirk told the sheriff he was taking Mrs. Kirk to see a physician here at the time of the accident. They reached the earth.

Municipal Court Has Varied Docket

A dinner was served by the ladies of the Eastern Star, preceding the installation ceremonies conducted that night by an installation team from Cincinnati under the direction of Edward E. Craig Jr., governor of the seventh district of the Order of De Mola.

Other officers installed were Ronald Sears, senior councilor; David Whiteside, junior councilor; Phillip French, senior deacon; Michael Arnold, junior deacon; Douglas Rider, senior steward; Norman Chaney, junior steward; Stephen Foster, chaplain; Danny Miller, marshal; Charles Hire, orator; Jack Hatmacher, standard bearer; Marlyn Flee, almoner; John Leeland, first preceptor; Kenneth Pettit, second preceptor; John Kneller, third preceptor; Phillip Williams, fourth preceptor; Larry Hurtt, fifth preceptor; Garry McConaughay, sixth preceptor; Bradley McKillip, seventh preceptor; Paul Neff, sentinel; Frank Miller, treasurer and Dave Morrow, scribe.

Other boys in the newly formed chapter are Sheryl Elliott, Dale Fent, Melvin Haines, Jackson McDaniel, Henry Roszman, Larry Bacon, David Barret, Dan Hopkins, Jackie Hopkins, Roger Mason and Roy Smith, the last six on demit from the Circleville chapter.

The rose ceremony was conducted by Ed Rebel, Cincinnati Hilltop chapter. At the conclusion each boy was given a rose.

The visiting degree team from Circleville included Arthur Mershon, master councilor; Dave Doner, senior councilor; Carol Porter, junior councilor; George Bowling, Marshal and eighteen other officers.

The Eastern Star ladies who served the dinner were Mrs. Harold Old Thomas, Worthy Matron; Mrs. Paul Mohr, Mrs. Hughey Thompson, Mrs. Marvin Thornburg, Mrs. Stanley Dray, Mrs. Lee Vance, Mrs. William Melvin, Mrs. Sherman Belles, Miss Jean Everhart, Mrs. Meyers Kimmey, Mrs. Charles Sheridan, Mrs. Milbourne Flee, Mrs. Betty Miklaskey and Mrs. Leo Edwards.

The first meeting of the new chapter is to be Tuesday and thereafter, the first and third Tuesdays of each month. Meetings are to be in the Masonic Temple.

Lukemia Fatal To 6-Year-Old

Sandra Kay Carpenter, 6, daughter of Mr. and Mrs. Huber Carpenter of the Edgefield community, died of leukemia in Children's Hospital, Columbus, at 12:49 a.m. Monday. She had been in failing health since last June and in the hospital for the last two weeks.

Besides her parents, she leaves two brothers, Terry, 9, and Keith, 1, and two sisters, Dolores, 8, and Linda, 5.

Funeral services are to be held at 2 p.m. Wednesday at the Gerster Funeral Home, but the place of burial has not been decided.

Friends may call at the funeral home after noon Tuesday.

Stolen Automobile Found-but Wrecked

James Mash, Route 5, today has his 1951 Chevrolet back—but it was not the same as it was when it was stolen from his home near Pocostburg, Waterloo, some time Saturday night.

Mash reported to Sheriff Orland Hays at 7:15 a.m. Monday that his car had been stolen and later in the day it was found wrecked at the intersection of the Waterloo Pike and Knight Rd.

The sheriff is now looking for the one who stole it and trying to determine how and when it was wrecked. There were no indications of a collision, he said.
